# Summer School Off-Highway Vehicle Design

**25–29 May 2026 | 4, 5, 10, 11, 12 June 2026**

**Application Deadline: 2 May 2026**

**Limited places available (max. 25 participants)**

A **hands-on experience** combining technical lectures on off-highway vehicles, factory tours in the Motor Valley, workshops with industry experts and a team challenge: design, build and test a working prototype.

Hosted by the **Department of Agricultural and Food Sciences** – University of Bologna and industry partners, the Summer School is especially **aimed at students in their second or third year of a Bachelor's degree in Mechanical or Vehicle Engineering**, but is open to all students with a background in engineering or related STEM fields.

The initiative, promoted by MUNER to engage new generations in sustainable vehicle design and to offer orientation opportunities toward its international Master's programs, is part of the **MUSE – Motorvehicle University Skills Empowerment project**, co-funded by the **Emilia-Romagna Region** and FSE+ 2021/2027.
